

# SUNFLASH

*Number 10*

*Steve Polen, Editor*

Only 6 more weeks until the 49<sup>th</sup> Annual FCE Bazaar!! We still have a few tables. Our website has drawn in a couple of requests for tables, so that website is important.

We need lots of help the morning of the Bazaar. From 6-10 we'll need everyone who can help us. We need to show vendors their room/table and keep shoppers out until 9. Also checking to see if vendors have everything from us—chairs, etc. Vendors who are a no-show (and it happens) have tables removed. Most vendors can't do spur of the moment set up.

Ads have been placed and published with more to come. Still working on getting the Visitor's Bureau website to put something on—hopefully, as upcoming events with a picture of the flyer. Margaret is hoping that the local television stations will be willing to do an interview and/or coverage the day of the bazaar.

Our [swfce.org](http://swfce.org) website has garnered lots of hits and a couple people looking for tables to rent! It's working, but we need more. Take pictures of something SWFCE is doing and send to me. Scott Teeples will put it on the website. Check out our site.

We are planning a splashy display for membership. There will be a large poster display, brochures, business cards and membership forms available the day of the bazaar. In addition, our cash prize tickets will be sold. It is one of our fundraisers for education. This year, Bonnie Teeples was our guest and did a great workshop on ACWW. She is the newly elected USA Area President.

**We're moving in a POSITIVE direction. Let's keep it going!!!!**
