## **CHECK THIS OUT:**

Go to [Oregon-fce.org](http://Oregon-fce.org)

Take a good look at their projects, workshops and all that they are doing. SWFCE should be getting newer, younger members to do these with those of us who are a bit older.

I'm going to see what I can do. What can you do??

North Dakota FCE is doing a great project for kids. Oregon FCE has taken that idea and begun working on it.

**IF EACH of US would BRING in a MEMBER, we could help kids locally as well. New members would also mean more education for them and for us.**
